

Something Special For You!

Check your emails for your LoveMyRead activation link

How It Works

1

You'll get an email from LoveMyRead with your activation link, follow the instructions to get started.

2

Children's Laureate Malorie Blackman and award winning author Frank Cottrell-Boyce have chosen the best books for your child's age range.

3

Each month the book chosen specially for you will be delivered to your door, packed full of goodies and treats for your child to play with.

4

We've also sent a brand-new book to a school in need so that everyone can share the love of reading.
